To Whom it May Concern:

This letter is written to serve as a recommendation of Wilson and Company as General Contractors. Parks Wilson and his company was retained to convert a single story residence into a three office professional building. Work was on a contract basis to be completed prior to April, 1, 1996.

Since this was my first experience with any construction project I found Parks' advice and consultation very valuable. Parks was readily accessible and open to ideas or concerns as the project proceeded.

The original plan was completed ahead of schedule and below budget. Changes and improvements I made after the project was started were price quoted fairly and the final result was an office building that exceeded all my expectations.

I would highly recommend Parks Wilson and his company. Feel free to contact me if you so desire.

Sincerely,

Kenneth L. McClure
