Dear Parks:

We would like to thank you for the wonderful job you and your company have done constructing our new office building. We are very pleased with the quality and overall appearance and have received many positive comments from our visitors. In fact, several of the residents of the adjacent neighborhood have told us that they really appreciate having such a beautiful building as a neighbor.

It has been a pleasure working with you and I must say that you have definitely lived up to your motto of building client satisfaction. Even after completion, you and your staff have been very attentive to our needs. We will definitely think of Wilson & Company for any future expansion that our company may undertake.

Thanks Again!

Very truly yours,
