WILSON & COMPANY

INCORPORATED

11

November 6, 1995

To Whom It May Concern:

This is being written for Wilson & Company, Inc. as a follow up on a renovation job which was on a contract for the U. S. Postal Service. The plans and specifications were provided by the architect for the postal service. The contract was signed July 6, 1995 with a completion date to be no later than December 16, 1995. The amount of the contract was slightly under \$450,000.

The work has progressed quite satisfactorily and is virtually complete at this time. Mr. Wilson assures me he will be completely through by November 15, obviously well ahead of the post office schedule of December. There have been only a few minor change orders required by the postal service and these were agreed to and incorporated with no undue delay or major inconvenience.

Mr. Parks Wilson is a man of good moral character and integrity and carries out his word and obligation in a professional and business like manner.

This is the first opportunity we have had need for any remodeling or building in several years, but our experience with Wilson & Company, Inc. has certainly been satisfactory in all respects and I will not hesitate to use them again as further needs arise.

Yours truly,

B. F. Wheeler, Jr.
Chairman, Board
