## Jesus Is Lord

2230 Rouse Rd, Orlando, FL 32817

May 12, 2008

To Whom It May Concern:

It has been our pleasure to have Wilson & Company to serve as our contractor. Wilson & Company has completed two buildings for us. Mr. Parks Wilson and his Project Manager Mr. Mark Bay have worked very diligently through out all phases of the construction of our two buildings. They were there with us working all issues with the county as well as our Civil Engineer and Architect. They are honest and friendly and highly competent in their field.

Both Parks & Mark have been directly involved in our constructions and we have daily communication all through the construction process. They kept us aware of all the changes and kept the cost down as we had requested. Their can-do attitude and works often exceed our expectation.

We are truly thankful for all their hard work in the completion of our buildings; therefore it is with great pleasure that we recommend Mr. Parks Wilson and his Company. Please call me at 407-306-1451 for any questions.
