To Whom It May Concern:

I recently had the pleasure of working with Parks Wilson and Company on my 4,000 square foot state-of-the art dental facility. Parks and his team were with me throughout the entire project, from the actual land acquisition through the design and permitting process to final completion.

I can truly say Wilson and Company made the whole process easy for me. And, on the few occasions where there were problems or changes, they dealt with them quickly and thoroughly. I would not hesitate to work with Parks and his team on another project in the future.

Sincerely,
