Dear Parks:

I want you to know how pleased we are with the renovation of our church.

There were many challenges that we faced from the beginning. Without your persistence, we may still be waiting for completion. You and your company did everything possible to get the permit as soon as possible. Once you began, work never stopped. The subcontractors were pressed to work to meet our deadline.

Barry Henderson was very attentive to the concerns of the church. He was in contact with the committee constantly and made sure that our concerns were addressed. Gene Burton was very helpful with the day to day operation of the project. Even now a month after completion, Barry is in contact with us to make sure that everything is as it should be. All throughout the process he showed great patience with a variety of people with whom he had to deal.

You and your staff did a remarkable job in providing us with a worship space for our people. The entire parish is very happy with the results.

Sincerely yours,

Rev. Andrew O'Reilly
Pastor
